

► Model FTBOOTH

Acoustic Booth

The sound proofing qualities of this Acoustic Booth greatly enhance communication in areas with high background noise levels, while protecting the apparatus and user from the elements. The FTBOOTH Acoustic hood can be fitted with hazardous area, explosion proof or ordinary location accessories including xenon strobe or LED beacons, sounders, loudspeakers, audible/visual combination units or external ringers.

FEATURES

- Durable, lightweight reinforced laminate-fiberglass construction
- Fully lined with polyurethane acoustic insulation
- Up to 25dB noise attenuation
- Available in Yellow
- Completely maintenance free, UV and corrosion resistant, impervious to chemical attack
- Convenient writing shelf
- Encapsulated strong points to securely mount stations and accessories
- Can be used both indoors, outdoors and offshore
