Wall Rack Cabinet Inner Panel *WRP Series*

NEW

An inner panel allows for the secure attachment of non-rack mounting network and IT equipment as well as cable management accessories, inside the cabinet. This helps improve airflow, optimize space utilization, and enhance equipment accessibility for maintenance. Additionally, inner panels can improve security by creating a secondary mounting surface that helps conceal or protect critical components.

Features

- Constructed of 14-gauge steel or aluminum.
- Ideal for mounting DIN-Rail and other non-rack mounting components while not interfering with the rack rails.
- Compatible with **HWM**, **HWC**, **NWC** and **NWM** Wall Cabinets.
- Mounting hardware is included.
- Steel option finished in smooth RAL9003 powder coat. Complies with the Greenguard guidelines for indoor air quality.
 - Aluminum option is unfinished.
- TAA-compliant for GSA Schedule purchases.
- RoHS Compliant.
- Manufactured in North America.

Part No. Steel RAL9003 White	Part No. Aluminum Unfinished	Cabinet Rack Units	Overall Dimensions
