Ladder Rack Vertical Elbows CLEV Series

NEW

Features

- Manufactured using 10 gauge steel for the ladder tray.
- Mounting hardware is sold separately.
- Offered in 6", 12", 18", and 24" standard widths.
- Supports minimum bend radius cable runs with a gradual bend around a 90-degree corner.
- Maximum rung spaced at 5.29" edge-to-edge.
- Bonding holes (0.2" Ø) 3" from end of ladder.
- RAL9005 black powder coat. Complies with the Greenguard guidelines for indoor air quality.
 - White and Gray powder coat is available by special order.
- Maintains load rating when used with **CLBSK**.
- TAA-compliant for federal GSA schedule purchases within the USA.
- RoHS Compliant.
- Manufactured in North America.
