35kV	600A Deadbreak Grounding Plug	750GP
------	-------------------------------	-------

Features:

- Fully rated 35kV, 600 Amp Deadbreak Grounding Plug
- Allows visible external separation and grounding
- 6 foot 1/0 AWG grounding cable
- Stainless Steel Bracket
- Hot Stick Operable

750GP Grounding Plug

Applications:

The Elastimold® 650GP Grounding Plug is equipped with a 35kV class, 600 A interface, 6 feet (183cm) of 1/0 AWG grounding cable, stainless steel mounting bracket for insertion into a parking stand and hot stick operable mounting hardware. The 650GP Grounding plug is inserted into a parking stand with an insulated hot stick and secure in place. Mating Elastimold® K655LR/K656LR deadbreak elbows can then be placed on the 650GP Grounding Bushing to ground the circuit.

Ratings:

Meets ANSI/IEEE Standard 386, Latest Revision

For 35kV Voltage Class:

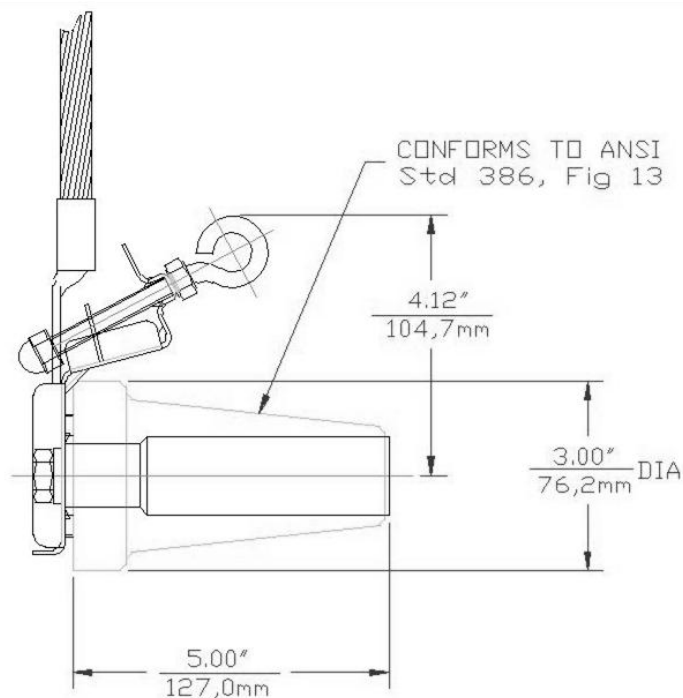

600 Amp – Continuous
25kA Sym – 10 Cycles Momentary
