Support grips

Safety spring

T&B® Fittings

Supports static load of cables and relieves strain by damping pull vibrations.

Certifications / Standards:

3-Part Specification: Tools and Calculators

Features:

- Helps protect power cables through shock absorption
- Spring compresses for easy and secure installation
- Two working load strengths: 40 lbs & 80 lbs
- Zinc-plated steel provides enhanced corrosion resistance and protection against rust

Applications:

- Support the static load of hanging cables
- Protects power cables, for instance, by relieving tension and absorbing vibrations
- For use with cables experiencing sudden pulls and frequent movement
- Use in conjunction with support, service, or bus-drop grips

- To install, attach grip eye to bottom of spring

Conforms to:

- REACH Article 33(1)
- RoHS (Restriction of Hazardous Substances)
 - European Directive 2011/65 and Commission Delegated Directive 2015/863

Operating temperatures:

- -22°F to +221°F (-30°C to +105°C)

Materials / Finishes:

- Zinc-plated steel

Table data:

- [Product selection and dimensions](#)

Support grips
Safety spring

Product selection and dimensions									
Part no.	Description	Work load			ØD	L		Approximate break load	
		lbs	kg	inches	mm	inches	mm	lbs	Kg
SS8560	Safety spring	40	18.14	0.75	19.05	8.25	209.55	500	226.80
SS8561		80	36.29	1.00	25.4	8.25	209.55	850	385.55

Note: Product must be installed in accordance with applicable national and local electrical codes.
