PRODUCT SHEET

Superstrut® U-shaped strut washer

Delivers more reliable, more secure connections

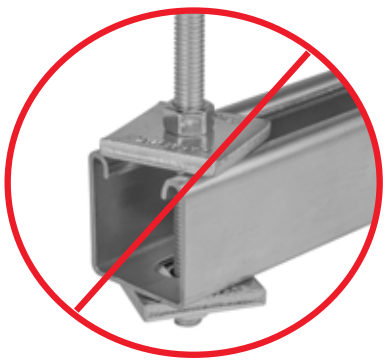

Superstrut

- **More secure connection**
- **Installs quickly**
- **Eliminates over-rotation**

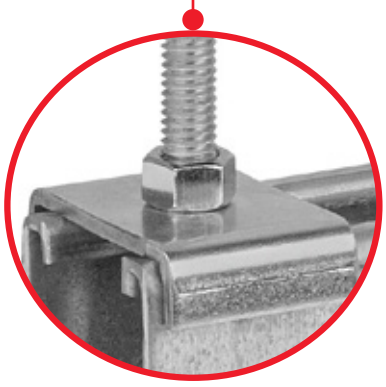

01 Strut-to-threaded rod trapeze assembly with Superstrut U-washer

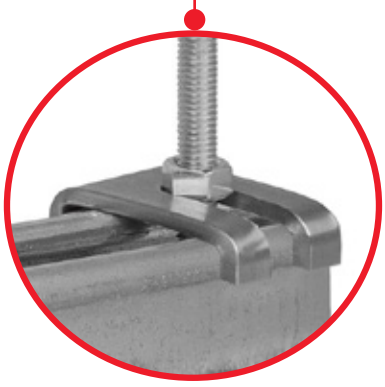

For confidence in your strut-to-threaded rod assemblies, choose the Superstrut® U-shaped strut washer for dependable, more secure connections. A retrofit version is also available to simplify additions to existing trapeze assemblies — without removing the hex nuts.

Standard strut washer

U-shaped strut washer

Retrofit U-shaped strut washer

Eliminates over-rotation of washer on the strut

The Superstrut U-shaped washer aligns easily with the strut channel, eliminating the over-rotation common with standard square washers.

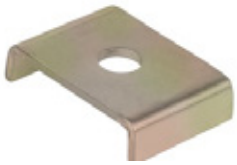

More secure connection to the strut

The Superstrut U-shaped washer is designed to engage the top and sides of the strut to deliver more reliable, more secure connections for strut/hardware assemblies.

Retrofit version installs quickly on existing trapeze assemblies

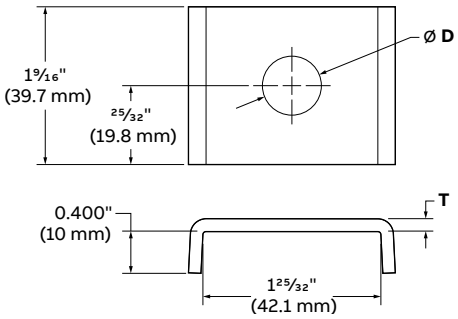

Add the retrofit U-shaped washer to the threaded rod for better connections on existing trapeze assemblies — without removing the hex nuts.

SUPERSTRUT® U-SHAPED STRUT WASHER

	Catalog number	Description	D	Allowable load rating* lbf (kN)	Packaging
	AB2431/4	U-shaped 1⅝" strut washer for ¼" threaded rod, GoldGalv®	5/16" (8 mm)	150 (1.07)	100 per box
