Touch-Up Spray Paint *1413 Series*

TAA COMPLIANT

MANUFACTURED IN NORTH AMERICA

RoHS

Key Features and Benefits

- Formulated to closely match Hammond factory-applied powder coat finishes.
- Ideal for touching up minor scratches, chips and blemishes caused during shipping, handling or installation.
- Fast-drying formula helps simplify field touch-ups.
- Suitable for indoor and outdoor applications.
- Available in multiple Hammond standard finishes, including ANSI and RAL colors.
- Convenient aerosol spray application.
- Manufactured in North America.

1413 Series touch-up paint is designed for Hammond products where minor finish damage has occurred during transportation, handling, installation or equipment modifications. It provides a convenient way to improve the appearance of exposed areas without refinishing the complete enclosure.

Product Change Notice: Our supplier is transitioning the propellant from hydrocarbons to 1234ze and the net weight from 340g to 300g. This is a rolling change, so product specifications may vary as existing inventory is depleted.

PROP65 WARNING: This product can expose you to chemicals, including Toluene, Menthanol, Carbon Black which is known to the State of California to cause cancer. For more information, go to: **www.P65Warnings.ca.gov**. Not Compliant with California Air Resources Board (Carb) Regulations.

Important: Always verify the required Hammond finish and compatibility before ordering. Color and gloss appearance can vary depending on application technique, surface preparation, coating thickness, age and environmental exposure.
