

**Hewlett Packard
Enterprise**

HPE delivers agile and streamlined solutions for manufacturing industry 4.0. HPE helps companies use data in more intuitive ways and creates a more autonomous operation that energizes your entire enterprise. Digital design, guided assembly and maintenance/repair technologies are crucial for an intelligent factory. When partnering with HPE, edge-to-cloud Industrial Internet of Things (IIoT) solutions help manufacturers optimize operations, improve product quality, and increase efficiency.
