

Since 1963, Dart Controls has been a leader in motor speed control innovation. Known for pioneering the use of microprocessors in DC controls, Dart continues to develop advanced solutions like digital speed potentiometers and high-performance AC, DC, and brushless DC drives. Their full product lineup is built to meet demanding industrial standards. All Dart products are made in the USA, backed by ISO 9001 certification and a strong commitment to quality.

Products:

- AC drives
- DC drives
- BLDC drives
- Digital potentiometers
- DC digital drives
- Low voltage DC
- Encoders
- Tachometer
- Refurbished products

**Variable Frequency
AC Drive**

Potentiometer

Industries:

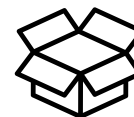

Healthcare

Farming

Food & Beverage

Packaging

Water & Wastewater

Contact Gross Automation to find the ideal solutions for your unique needs and applications. We supply the engineering expertise and product knowledge customers have relied on since 1990.
