

Hitachi Energy, a global leader in technology, is advancing the world's energy system to be more sustainable, flexible, and secure. With innovative technologies and services including the integration of more than 150 gigawatts of HVDC links into the power system, Hitachi Energy makes the energy value chain more efficient, making electricity more accessible to all.

Products:

- Cable accessories
- Capacitors & filters
- Communication networks
- Cooling systems
- Disconnectors
- Energy storage
- Flexible AC transmission systems (FACTS)
- Generator circuit-breakers
- High-voltage switchgears & breakers
- High-voltage direct current
- Instrument transformers
- Insulation & components
- Semiconductors
- Substation automation, protection & control
- Substations & electrification
- Surge arresters
- Transformers

Battery Energy Storage Systems

Industries:

Alternative Energy

Data Centers

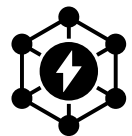

Electric Mobility

Maritime & Offshore

Oil & Gas

Power Distribution

Contact Gross Automation to find the ideal solutions for your unique needs and applications. We supply the engineering expertise and product knowledge customers have relied on since 1990.
