

Trumeter designs and delivers innovative measurement and control solutions that power precision and reliability across industries. From monitoring and managing energy usage to enhancing automation systems, Trumeter products are built to perform with accuracy and durability. Trusted worldwide, Trumeter combines smart design with dependable performance—engineered to excel in even the most demanding environments.

**Products:**

- Advanced panel meters (APM)
  - Voltage, frequency & current
  - Power
  - Process, rate & temperature
  - Flow indicators
  - Multipurpose
- Vista touch meters
- Counters
  - Die impression
  - Predetermining
  - Rotary
  - Stroke
  - Totalizing
- Timers
- Length measurement
- Measuring wheels
- Encoders & tachometers
- Remote monitoring (IoT)
